

WASHINGTON, D.C. — Congressman Steve King (R-IA) today made the following comments regarding the Sac County groundbreaking ceremony for four-lane US 20. Congressman King has been a vocal advocate for this project and has worked to secure more than \$26 million in federal funds for efforts to four-lane US 20.

**“Today we celebrate a major milestone in the effort to complete a four-lane U.S. Highway 20 from Sioux City all the way to Dubuque and on to Chicago,”** said King. **“For decades, western Iowans have been pushing for this vital transportation link to be four-laned.**

□

**With today’s groundbreaking in Sac County, we’re significantly closer to that goal.”**

**“I supported this project before I was elected to the Iowa Senate and made it my number one transportation priority as a Member of Congress.**

**In working with our state's senators and House delegation, the Four-Lane Highway 20 Association, and local communities, I have networked the effort to secure millions in federal funds to help bring this project to western Iowa. I will continue to do all I can to keep it moving until the day we cut the ribbon on the final mile of four-lane Highway 20."**

□

**"There is still much work to be done, but today is a day to celebrate the incredible amounts of hard work and tireless effort that have brought the beginnings of a new, four-lane, Highway 20 to the Fifth Congressional District."**
