

Washington, DC- Congressman Steve King (R-IA) released the following statement today after voting for the Jumpstart Our Business Startups (JOBS) Act of 2012:

"As a small business owner in Iowa I experienced first-hand the many barriers that the government places on encouraging growth in the private sector," said King. "Today I voted to increase opportunities for capital and financing for small businesses trying to get on their feet. This legislation will make it easier for businesses to attract investors and in turn will help create jobs and stability in our economy. The President says that he supports this bill and I hope that he will use this opportunity to reconsider the dozens of jobs bills he and the Democrat Senate have rejected."
