Washington, DC- Congressman Steve King (R-IA) spoke this morning at a press conference in front of the U.S. Capitol with Reps. "Keep your hands off our healthcare and our Constitution! Piece after piece, we know how bad ObamaCare is, I don't have to go through the list," said King. "It's unaffordable, unsustainable, unconstitutional. I drafted a bill to repeal ObamaCare. And the last words are 'repeal the bill as if it had never been enacted'."
